Boeing D 590 Parts Standards Manual Lists - WordPress.com

Type D-590* or *590* [system won't work unless you use the "all character wildcard" -asterisk]. The search gave me about 8 documents. I had a look at each one but I don't think they are the ones you are looking for! They seem to be just Boeing to Vendor part numbers [and vice-versa]. If you do find it, please advice. Antonio

Curtiss Wright Controls Quality Notes

AAL requested that we revise the NPRM (76 FR 3054, January 19, 2011) to allow the optional use of BMS materials (sealants) permitted in Boeing Document D-590, the Boeing 777 Airplane Maintenance Manual, or the Boeing 777 Structural Repair Manual—instead of the specific materials specified in Section 9, "Airworthiness Limitations (AWLs) and ...

BOEING DOCUMENT D 590 PDF - Amazon S3

Boeing Document D-590 is the collection of many Boeing standards and specifications. We have determined that this document is too broad for this AD. We have not changed the final rule in regard to this issue.

O Hardware - Air Industries Group

Q18 Requires compliance with latest revision of Boeing document D-590 for "Aerospace Fasteners" and Bearings. Q19 100 % Hardness inspection required IAW ASTM E-18 and CPS 6966 unless otherwise specified on the drawing. This note is applicable only to those parts that have specific heat treat callouts to a process specification.

Boeing D-590 Parts Standards Manual

The Boeing D-590 Parts Standards manual lists, in the individual listing for each standard, the manufacturer's part number for each of their products that are qualified to that standard (the hiloks, that is; this type of coverage is somewhat spotty for other types of standards, esp. the older ones).

MyBoeingFleet

From this request, we infer that AAL asked that we include Boeing Document D-590 as a source for the acceptable fastener and material substitution in the NPRM. We disagree that adding this document to the requirements of the AD is necessary. Boeing Document D-590 is the collection of many Boeing standards and specifications.
