Chescold 35L 3 way camping fridge including 3.7kg gas bottle plus regulator. This is a fantastic gas fridge and although it's well worn you won't find a better fridge for camping. We use it primarily as our drinks fridge although it would also be fine to keep food in containers.

The Chescold 39L 3 Way fridge by Dometic is a great solution to your portable cooling needs. The F400 has some great features including a tough rotomoulded cabinet and a piezo ignition. The F400 has enough verticle space for 1.5L bottles and is perfect for cooling down drinks and food quickly. When you're at home or at

Chescold F 40 fridge freezer project - ExplorOz

a mate of mine who runs a camping store gave me a grey plastic chescold last week. He said it didn't get that cold (10degrees). I took it camping over the weekend and ran it on gas. it seemed to start to freeze the right hand side of element and was good for the rums, but most likely around 8 degrees (guessing). Can you get them fixed or make modifications to get them working better?

Domestic Chescold RC1180 Manuals

Chescold do not supply leads with their fridges, only a plug as they draw more than the standard ciggi plug is rated for. The intention is they are meant to be hard wired directly to the battery, there should be a male plug receptacle on rear.
