The New Urban Sociology - Kindle edition by Mark: ...

Widely recognized as a groundbreaking text, The New Urban Sociology is a broad and expert introduction to urban sociology that is both relevant and accessible to students. Organized around an integrated paradigm, the sociospatial perspective, this text examines the role played by social factors such as race, class, gender, lifestyle, economics, and culture on the development of metropolitan areas, and integrates social, ecological, and political economy perspectives and research into this study.

The new urban sociology (eBook, 2011) [WorldCat.org]

Makes an effort to systematically incorporate both the structural (new urban sociology) and cultural (human ecology) approaches in urban sociology. This volume is divided into two sections, the first presenting work by urban ecologists, the second presenting work by persons working within the broad contours of the new urban sociology.

"This edition of Gottdiener's and Hutchison's The New Urban Sociology reviews recent developments in urban and metropolitan development, and examines changes in the social, political and cultural dimensions of cities through a sociospatial lens. It will be of interest to sociologists but also to students in urban studies, public health, social welfare and public policy."
