## *Upgrading Projects from InstallShield 2009 or Earlier*

InstallShield. With InstallShield 2020, you'll adapt to industry changes quickly, get to market faster and deliver an engaging customer experience. And you'll be ready for Microsoft's latest deployment type-MSIX. The result? Productivity: up. Extra scripting/coding/rework: way down. It's just one more way we're raising the bar for ...

## *InstallShield Resources | Revenera Community*

If you upgrade a project from InstallShield 2009 or earlier to InstallShield 2010, the traditional Windows Installer handling option is the default value of this setting. This new setting is available in the following project types: Basic MSI, InstallScript MSI, Merge Module, MSI Database, MSM Database, and Transform.
