M Is For Magic is a collection of short stories, including a story lifted from Neil Gaiman's award-winning children's novel, The Graveyard Book. I enjoyed this book immensely. My personal favorite would be The Case of the Four and Twenty Blackbirds , a retelling of children's nursery rhymes, but which mainly told of the mystery of who murdered Humpty Dumpty.

M Is for Magic Quotes by Neil Gaiman - Goodreads

M is for Magic is a collection of Gaiman's short stories packaged for children. At first, some of his choices surprised me (eg. the one about the troll where the protagonist grows up and ends up cheating on his wife), but I respect his choices and am the last person to think coddling our children by not letting them read about A-holes is acceptable, so I was soon on board.

A kind of Magic - QUEEN Interactive viz. M is for Magic. Inspiration for this viz came from a tweet I spotted the other week by Phil Naranjo, which posed the question:. There were quite a few charts suggested (link to tweet here) For me (and popular by others) was the creation of a Unit chart. So I set out to do a viz utilising one for this weeks M is for Magic Viz!
